OCEAN FREIGHT

As a specialist ocean freight service provider, UFM offers weekly import and export consolidation services to and from all major countries throughout the world.

We focus on offering as many direct services between ports worldwide ensuring minimum cargo handling.

UFM leverages volume commitments and contracts with various carriers to ensure fixed sailing schedules, multiple departure and arrival options from point of origin till final destination. And most importantly, our relationships with the major carriers keeps our FCL rates low while achieving optimum receiving and closing windows and fast transit times.

AIR FREIGHT

Developed out of the need to provide even faster services for our customers, UFM Air Freight products and their customizable options bring added flexibility to your supply chain.

Building on our relationship and direct contracts with key airlines, we are providing tailor-made services to and from all key global locations.

Our product scope thereby includes expedited, consolidated, scheduled & charter flight options. In addition, we provide door-to-door delivery & value added services.

WAREHOUSING

In India, improved service, reduced costs and enhanced performance are the goals of all warehousing and distribution operations. UFM uses these areas for competitive advantage by focusing on proper planning and continuous improvement. In the wake of increasingly complicated supply chains, UFM uses its network of warehousing & distribution to control the cost of your business operations.

PROJECT CARGO

Whether you are building a manufacturing plant, petrochemical plant, power plant, constructions, mining or drilling or any other industry, you will need to procure logistics transportation service to manage your cargo movement. UFM provides comprehensive range of services including freight management, cargo handling and cargo moving from origin to your final site location.

TRANSPORTATION

As intermodal transporter, with the options of integrating multiple modes, UFM can provide a flexible response to the changing supply chain management requirements and distribution systems. As a registered MTO, UFM provides efficient rail & road transportation services from & to any place within India. Our overseas network of partners help deliver or pick up your cargo to & from any pin code across the globe.

INLAND HAULAGE

UFM provides inland haulage service to/from all majors ICDs in India. For your LCL cargo, UFM has weekly movements to / from ICD Ahmedabad, ICD Pune, ICD Nashik, ICD Baroda, ICD Indore, ICD Kanpur, ICD Delhi, ICD Ludhiana, ICD Garhi, ICD Nagpur, ICD Bangalore & ICD Hyderabad. For FCLs, UFM covers all the authorized ICDs across India. With the help of our long term vendors & a specialized ICD desk, we make sure that the movement to/from all the ICDs is quick, reliable & cost effective.

UFM also provides inland haulage services overseas. We have a worldwide logistics network of top and reliable partners who can help provide efficient inland haulage service in their respective countries.
